

Company Profile and Capability Statement

Carlyle Landscapes is a Perth based Environmental Landscape Contractor. We have experience contracting projects up to 1 million dollars.

Our projects are supervised by experienced and fully qualified landscape professionals with first aid training. All our staff members have completed OSH induction training and hold appropriate licenses.

We own a full complement of tip trucks, utility vehicles, skid steer loaders, trenchers, augers and other plant and equipment. This enables us to *quickly respond to our clients needs*.

We are experienced in a wide range of landscaping and environmental remediation activities:

- Landscape consultation
- Environmental landscape design.
- Irrigation design and construction.
- Bulk earth works and detailed excavations.
- Small civil projects including paving, concreting and limestone walls.
- Carpentry and decking.
- Construction of artificial wetlands and riparian works.
- Construction of batters, swales, weirs, wire gabions, and fencing.
- Site soil stripping, stockpiling and respreading.
- Soil amelioration - soil conditioning.
- Mulching and erosion control matting.
- Seeding, planting and turfing.
- Landscape maintenance.
- Weed, pest and disease Control.
- Landscape and Revegetation monitoring and reporting.

- We also Supply and install a range of products: (Ultrashade Umbrellas) commercial umbrellas, (Regal Grass) synthetic turf, and (Formboss) metal garden edging.
